2.0 General Instruction

The signal of the wireless siren is transmitted by wireless radio frequency which improves the flexibility to install. It is powered by the adapter, which avoids the cable wiring cost. Users can install more wireless sirens in different places indoor to deter the illegal intruders.

Many wireless sirens in different places can be wirelessly connected with the alarm panel to build a system. When the alarm panel is alarming, wireless sirens will hoot and the strobe lights will flash.

The wireless siren can also be used as a stand-alone alarm system. You can connect different wireless accessories and remote controls to the siren to build an alarm system.

3.0 Functions

1. Connect button
2. Strobe light
3. Siren

4.0 Connect the siren to the alarm system

Connect the siren to the mains.
Press the connect button (0,5 seconds). The Siren will beep once. 3 seconds later it will give another beep and the strobe light flashes. The siren is now ready to connect to the alarm system.

Now press the 🔒 arm button on the alarm panel. The wireless siren is now connected to the alarm system after one beep.
Press the connect button from siren again to exit the connecting status.

Note : don't trigger any other accessories while the siren is in connecting state !

Now test the connection between the alarm system and the siren.

Press the 🔒 arm button on the alarm panel. Trigger one of the accessories and check if both the alarm panel and the siren will hoot. If the siren is not responding to the alarm panel, please repeat above steps.

5.0 Use the siren as standalone alarm system

5.1 Connect wireless accessories

Connect the siren to the mains.
Press the connect button (0,5 seconds). The Siren will beep once. 3 seconds later it will give another beep and the strobe light flashes. The siren is now ready to connect to the wireless accessories.

Trigger the wireless accessory you would like to add to the siren. After one beep from the siren the accessory is connected successfully.
Repeat above steps to add more accessories.

Note : The siren supports up to 40 wireless accessories.

Now test the connection between the alarm system and accessories.

Press the 🔓 arm button on the remote control. Trigger one of the accessories and check if the siren will hoot. If the siren is not responding please repeat above steps.

5.2 Entry and exit delay time

You can set the entry and exit delay time for the wireless accessories.
15 seconds delay time : press the connect button twice
30 seconds delay time : press the connect button 3 times
No delay time : press the connect button 4 times

6.0 Reset the siren

Keep the connect button pressed for 6 seconds until one beep is heard.
At the same time the LED indicator flashes twice.
All connected accessories and connected alarm systems are now disconnected.

7.0 Frequently Asked Questions and other related information

9.0 Warning and points of attention

Due to laws, directives and regulations set out by the European parliament, some (wireless) devices could be subject to limitations concerning its use in certain European member states. In certain European member states the use of such devices

could be prohibited. Contact your (local) government for more information about this limitations.

Always follow up the instructions in the manual*, especially where it concerns devices which need to be assembled.

Warning: In most cases this concerns an electronic device. Wrong/improper use may lead to (severe) injuries!

Repairing of the device should be done by qualified Eminent staff. The warranty immediately voids when products have undergone self repair and/or by misuse. For extended warranty conditions, please visit our website at www.eminent-online.com/warranty.

*Tip: Eminent manuals are written with great care. However, due to new technological developments it can happen that a printed manual does not longer contain the most recent information.
If you are experiencing any problems with the printed manual or you can not find what you are looking for, please always check our website www.eminent-online.com first for the newest updated manual.

Also, you will find frequently asked questions in the FAQ section. It is highly recommended to consult the FAQ section. Very often the answer to your questions will be found here.

10.0 Warranty conditions

The five-year Eminent warranty applies to all Eminent products, unless mentioned otherwise before or during the moment of purchase. After buying a second-hand Eminent product the remaining period of warranty is measured from the moment of purchase by the product's initial owner. Eminent warranty applies to all Eminent products and parts, indissolubly connected or mounted to the product it concerns. Power supply adapters, batteries, antennas and all other products not directly integrated in or connected to the main product or products of which, without reasonable doubt, can be assumed that wear and tear during use will show a different pattern than the main product, are not covered by the Eminent warranty. Products are not covered by the Eminent warranty when exposed to incorrect/improper use, external influences or when opening the service parts of the product by parties other than Eminent. Eminent may use refurbished materials for repair or replacement of your defective product. Eminent cannot be held responsible for changes in network settings by internet providers. We cannot guarantee that the Eminent networking product will keep working when settings are changed by the internet providers. Eminent cannot guarantee the working of web services, apps and other third party content that is available through Eminent products. Eminent products with an internal hard disk have a limited warranty period of two years on the hard disk. Eminent could not be held responsible for any data lost. Please make sure that if the product stores data on a hard drive or other memory source, you will make a copy before you return the product for repair.

When my product gets defective
Should you encounter a product rendered defective for reasons other than described above: Please contact your point of purchase for taking care of your defective product.
